# NATIONAL LEADERSHIP SEMINAR

## Why Are YOU Here?

You are a leader in your home units, chapters, and lodges. NLS will help you take your leadership to the next level as you work with your crew to learn and apply new experiences, leadership concepts, and how to implement what you learned back home.

## How YOU Learn

Learning through experience is the Scouting way. At NLS we help you understand how you learn new information and turn it into useful leadership skills. You get to meet yourself in a new way that will help in leading, in school, and with your teams.

## Those Who Chose You Need You

You joined the OA because others saw your leadership, your role modeling, and your potential. Working with those who chose you is a way to lead with them to make things happen back home. You need those who chose you to take the NLS expedition back to your lodges.

## Adapting YOUR Leadership

Leadership is an all-inclusive set of skills. The NLS model comprises many aspects of understanding and applying leadership training. Applying your strengths for the big picture or details and making things happen are key to leading the way.

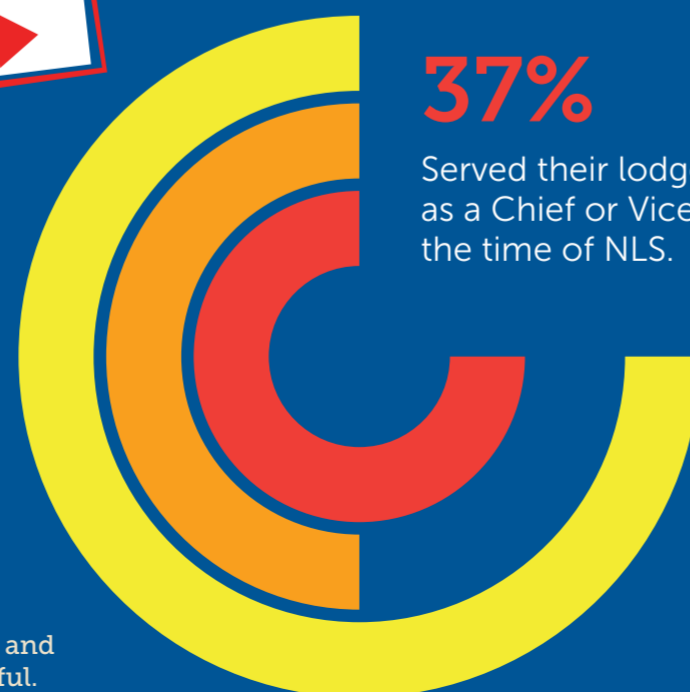

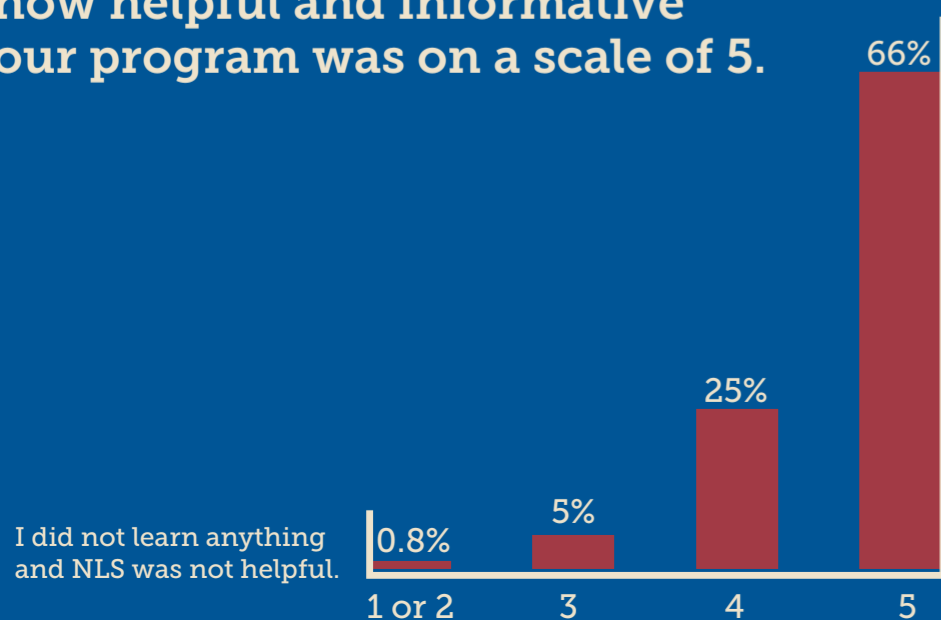

## Do it Yourself

Leadership is a front line activity. DIY is taking skills and knowledge into your own hands and taking your new NLS skills home to your lodges.

We asked NLS Participants how helpful and informative our program was on a scale of 5.
