

Summit Circle

Lodge Rocks

BOY SCOUTS OF AMERICA®
ORDER OF THE ARROW

Summit Circle Lodge Rocks

Introduced at the 2012 National Order of the Arrow Conference (NOAC), Legacy Project 2015 was a multi-phase project that aimed to have lodges think about their legacies. The four year-long phases included the lodge rock, legacy lid, history book, and centennial fire. During 2012 each lodge was asked to mail an engraved rock to national chairman, Ray Capp, with their lodge's name and location of their council office. The Lodge rocks have been incorporated into the design of the new Summit Circle, the Order's national ceremonial grounds at the Summit Bechtel Reserve.

The active Lodge's rocks were incorporated into the 16 columns that lead from the Legacy Plaza to the Summit Circle and into an Overlook. The first column contains a quote from Ray Capp, Chairman National OA Committee: "As you walk the trail of reflection. Rekindle the Brotherhood, Cheerfulness and Service within that you may add to the flame lighting the way for the next century." The remaining columns hold 15 blazes reminiscent of the Ordeal Ceremony. These light posts illuminate the way into the ceremony site along a path called "the reflection trail", reminding us of important quotes from our ceremonies, our founder, and our lore.

The Overlook contains Wimachtendienk, Wingolauchsik, Witahemui - The Brotherhood of Cheerful Service.

The Legacy Plaza contains rocks from lodges that no longer exist having been merged or absorbed into other lodges or having been dissolved or split.

This document contains a list of all the lodge rocks and their location along with pictures of the columns and Overlook.

Location Key

If the Lodge Rock location is a number and a letter it is located in one of the 16 columns. The number indicates the column and the letter indicates the location on the column. Zero being the first column and 1 – 15 for the next fifteen columns representing the 15 blazes. 'F' indicates the rock is on the front of the column, 'L' on the left and 'R' on the right.

If the Lodge Rock Location starts with the letter O it is on the overlook. If there are three letters following the O that indicates it is on one of the three pillars: WIM for Wimachtendienk, WIN for Wingolauchsik, and WIT for Witahemui. The last letter represents front, left, and right as on the columns. An O followed by an F indicates it is on the front of the overlook between the three Overlook pillars.

If the Lodge Rock location is two numbers it is in the Legacy Plaza. The first number is the row, starting from the front and the second being the offset reading from the left to the right.

Lodge Rock Location Listing

Below is a listing of the Lodge Rocks. For Lodges that were active as of July 2016 it also lists the council, region and section. If the Lodge was merged, absorbed or dissolved after submitting a Lodge Rock that is indicated in the region and section column. If a rock was submitted as a Legacy Rock the city, state and dates the lodge existed are listed.

LODGE NAME	COUNCIL NAME or CITY, STATE	REGION or FORMED	SECTION or ENDED	ROCK LOCATION
